Walking In Heels Opener

This is an Opener you can use if a woman is wearing high heels. Walk up to her and say:

You: "How high are those heels?"

Her: (answer)

You:
"Wow, you know, you really know how to walk in them. Most women are so clumsy and uncoordinated. It's such a lost art. Good to know there are still some women around who know how to do it right. Did you have to go to charm school for that? How'd you learn?"

This is a strong compliment because it implies a certain kind of sophistication on the woman's part. It also exalts her from other women and makes her

feel like she stands out from the crowd. This is another compliment that is subtly sexual, because walking in heels is a very feminine thing to do, and by complimenting her on it, you are really complimenting her on her femininity.
